

Healthy Options Adult Population CAHPS Questions Composite

How Well Doctors Communicate

This chart summarizes the responses to survey questions 30, 32, 33, and 34 contained in the composite, "How Well Doctors Communicate." Individual question-level responses immediately follow.

★★★★	Statistically better than the Washington average of 6 Healthy Options plans
★★	Not statistically different than the Washington average of 6 Healthy Options plans
★	Statistically worse than the Washington average of 6 Healthy Options plans

NOTE: Results presented in this report are based on the 2003 "Survey About Your Health Care" CAHPS survey sponsored by the Washington State Medical Assistance Administration. Small percentage differences represent measurement (sampling) error rather than actual differences in health plan performance. To guard against inappropriate interpretation, scores and star ratings are not displayed for plans with fewer than 85 responses for a single survey item. The bar graphs show the unadjusted proportions for each response category by health plan. The stars represent the results of statistical tests that compared health plans adjusting for age, education, and general health status. Due to rounding, some bars may not add up to 100%. Request "Detailed Methodology" for additional information.
